# Child protection and safeguarding policy 2024

Relevant committee: CSW committee Date: TBC 18/11/2024

Last reviewed on: September 2024

Next review due by: September 2025 or pending changes to legislation

Please note this not the Trafford 2024 policy as the TSCB has not produced one yet (22/9/24). This is the 2024 KCSIE compliant policy from The Key and is approved by Forbes Solicitors. Personalisation has been added by the Headteacher/DSL and links to Trafford agencies and protocols have been inserted.

# 1. Aims

The school aims to ensure that:

, Appropriate action is taken in a timely manner to safeguard and promote children's welfare

- , All staff are aware of their statutory responsibilities with respect to safeguarding
- Staff are properly trained in recognising and reporting safeguarding issues

# 2. Legislation and statutory guidance

This policy is based on the Department for Education's (DfE's) statutory guidance Keeping Children Safe in Education (2024) and Working Together to Safeguard Children (2023), the Maintained Schools Governance Guide and Academy Trust Governance Guide. We comply with this guidance and the arrangements agreed and published by our 3 local safeguarding partners (see section 3).

This policy is also based on the following legislation:

- Section 175 of the <u>Education Act 2002</u>, which places a duty on schools and local authorities to safeguard and promote the welfare of pupils
- > The School Staffing (England) Regulations 2009, which set out what must be recorded on the single central record and the requirement for at least 1 person conducting an interview to be trained in safer recruitment techniques
- , The Children Act 1989 (and 2004 amendment), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the <u>Serious Crime Act</u> 2015, which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- Statutory guidance on FGM, which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- The Rehabilitation of Offenders Act 1974, which outlines when people with criminal convictions can work with children
- Schedule 4 of the <u>Safeguarding Vulnerable Groups Act 2006</u>, which defines what 'regulated activity' is in relation to children
- Statutory guidance on the Prevent duty, which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism
- The Human Rights Act 1998, which explains that being subjected to harassment, violence and/or abuse, including that of a sexual nature, may breach any or all of the rights which apply to individuals under the <a href="European Convention on Human Rights"><u>European Convention on Human Rights</u></a> (ECHR)
- The Equality Act 2010, which makes it unlawful to discriminate against people regarding particular protected characteristics (including disability, sex, sexual orientation, gender reassignment and race). This means our governors and headteacher should carefully consider how they are supporting their pupils with regard to these characteristics. The Act allows our school to take positive action to deal with particular disadvantages affecting pupils (where we can show it's proportionate). This includes making reasonable adjustments for disabled pupils. For example, it could include taking positive action to support girls where there's evidence that they're being disproportionately subjected to sexual violence or harassment
- The Public Sector Equality Duty (PSED), which explains that we must have due regard to eliminating unlawful discrimination, harassment and victimisation. The PSED helps us to focus on key issues of concern and how to improve pupil outcomes. Some pupils may be more at risk of harm from issues such as sexual violence; homophobic, biphobic or transphobic bullying; or racial discrimination
- The Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement)

  (Amendment) Regulations 2018 (referred to in this policy as the "2018 Childcare Disqualification Regulations") and Childcare Act 2006, which set out who is disqualified from working with children
- This policy also meets requirements relating to safeguarding and welfare in the <u>statutory framework for the Early Years Foundation Stage</u>

#### 3. Definitions

#### Safeguarding and promoting the welfare of children means:

- > Providing help and support to meet the needs of children as soon as problems emerge
- > Protecting children from maltreatment whether that is within or outside the home, including online
- > Preventing impairment of children's mental and physical health or development
- > Ensuring that children grow up in circumstances consistent with the provision of safe and effective care

, Taking action to enable all children to have the best outcomes

**Child protection** is part of this definition and refers to activities undertaken to protect specific children who are suspected to be suffering, or likely to suffer, significant harm. This includes harm that occurs inside or outside the home, including online.

**Abuse** is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse.

**Neglect** is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

**Sharing of nudes and semi-nudes** (also known as sexting or youth-produced sexual imagery) is where children share nude or semi-nude images, videos or live streams. This also includes pseudo-images that are computergenerated images that otherwise appear to be a photograph or video.

**Children** includes everyone under the age of 18.

The following 3 **safeguarding partners** are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017). They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

- > The local authority (LA)
- > Integrated care boards (previously known as clinical commissioning groups) for an area within the LA
- , The chief officer of police for a police area in the LA area

**Victim** is a widely understood and recognised term, but we understand that not everyone who has been subjected to abuse considers themselves a victim, or would want to be described that way. When managing an incident, we will be prepared to use any term that the child involved feels most comfortable with.

**Alleged perpetrator(s)** and **perpetrator(s)** are widely used and recognised terms. However, we will think carefully about what terminology we use (especially in front of children) as, in some cases, abusive behaviour can be harmful to the perpetrator too. We will decide what's appropriate and which terms to use on a case-by-case basis.

# 4. Equality statement

Some children have an increased risk of abuse, both online and offline, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs and/or disabilities (SEND) or health conditions (see section 10)
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language (EAL)
- Are known to be living in difficult situations for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- > Are at risk of female genital mutilation (FGM), sexual exploitation, forced marriage, or radicalisation
- Are asylum seekers
- , Are at risk due to either their own or a family member's mental health needs
- > Are looked after or previously looked after (see section 12)
- > Are missing or absent from education for prolonged periods and/or repeat occasions
- > Whose parent/carer has expressed an intention to remove them from school to be home educated

# 5. Roles and responsibilities

Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff, volunteers and governors in the school and is consistent with the procedures of the 3 safeguarding partners. Our policy and procedures also apply to extended school and off-site activities.

The school plays a crucial role in preventative education. This is in the context of a whole-school approach to preparing pupils for life in modern Britain, and a culture of zero tolerance of sexism, misogyny/misandry, homophobia, biphobia, transphobia and sexual violence/harassment. This will be underpinned by our:

- , Behaviour policy
- Pastoral support system
- > Planned programme of relationships, sex and health education (RSHE), which is inclusive and delivered regularly, tackling issues such as:
  - Healthy and respectful relationships
  - Boundaries and consent
  - Stereotyping, prejudice and equality
  - Body confidence and self-esteem
  - How to recognise an abusive relationship (including coercive and controlling behaviour)
  - The concepts of, and laws relating to, sexual consent, sexual exploitation, abuse, grooming, coercion, harassment, rape, domestic abuse, so-called honour-based violence such as forced marriage and FGM and how to access support
  - What constitutes sexual harassment and sexual violence and why they're always unacceptable

#### 5.1 All staff

Staff who work directly with children are expected to read at least part 1 of Keeping Children Safe in Education (KCSIE). In our school, all staff have some level of contact with children and so all staff will read at least part 1 of (KCSIE).

#### All staff will:

- Read and understand part 1 and annex B of the Department for Education's statutory safeguarding guidance, Keeping Children Safe in Education, and review this guidance at least annually
- > Sign a declaration at the beginning of each academic year to say that they have reviewed the guidance
- Reinforce the importance of online safety when communicating with parents and carers. This includes making parents and carers aware of what we ask children to do online (e.g. sites they need to visit or who they'll be interacting with online)
- , Provide a safe space for pupils who are LGBTQ+ to speak out and share their concerns

#### All staff will be aware of:

- Our systems that support safeguarding, including this child protection and safeguarding policy, the staff code of conduct, the role and identity of the designated safeguarding lead (DSL) and Deputy; the behaviour policy, the online safety policy, our Low Level Concerns and the safeguarding response to children who go missing from education
- The early help assessment process (sometimes known as the common assessment framework) and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play
- > What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- The signs of different types of abuse, neglect and exploitation, including domestic and sexual abuse (including controlling and coercive behaviour, as well as parental conflict that is frequent, intense, and unresolved), as well as specific safeguarding issues, such as child-on-child abuse, grooming, child sexual exploitation (CSE), child criminal exploitation (CCE), indicators of being at risk from or involved with serious violent crime, FGM, radicalisation and serious violence (including that linked to county lines)
- > New and emerging threats, including online harm, grooming, sexual exploitation, criminal exploitation, radicalisation, and the role of technology and social media in presenting harm

- The importance of reassuring victims that they are being taken seriously and that they will be supported and kept safe
- > The fact that children can be at risk of harm inside and outside of their home, at school and online
- The fact that children who are (or who are perceived to be) lesbian, gay, bisexual or gender questioning (LGBTQ+) can be targeted by other children
- > That a child and their family may be experiencing multiple needs at the same time
- > What to look for to identify children who need help or protection

Section 16 and appendix 4 of this policy outline in more detail how staff are supported to do this.

#### 5.2 The designated safeguarding lead (DSL)

The DSL is a member of the senior leadership team. Our DSL is Sally Nunwick (Headteacher). The DSL takes lead responsibility for child protection and wider safeguarding in the school. This includes online safety, and understanding our filtering and monitoring processes on school devices and school networks to keep pupils safe online.

During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns.

The DSL can also be contacted out of school hours if necessary via email. All staff have the DSL's mobile number and can telephone or message her.

When the DSL is absent, the Deputy DSL (Richard Boyer - Deputy Headteacher) - will act as cover.

If the DSL and Deputy are not available, Spencer Carver (Assistant DSL and Head) will act as cover (for example, during out-of-hours/out-of-term activities).

The DSL will be given the time, funding, training, resources and support to:

- , Provide advice and support to other staff on child welfare and child protection matters
- > Take part in strategy discussions and inter-agency meetings and/or support other staff to do so
- Contribute to the assessment of children
- > Refer suspected cases, as appropriate, to the relevant body (local authority children's social care, Channel programme, Disclosure and Barring Service, and/or police), and support staff who make such referrals directly
- > Have a good understanding of harmful sexual behaviour
- , Have a good understanding of the filtering and monitoring systems and processes in place at our school
- Make sure that staff have appropriate Prevent training and induction

#### The DSL will also:

- , Keep the Deputy Headteacher/Deputy DSL informed of any issues
- > Liaise with local authority case managers and designated officers for child protection concerns as appropriate
- Discuss the local response to sexual violence and sexual harassment with police and local authority children's social care colleagues to prepare the school's policies
- Be confident that they know what local specialist support is available to support all children involved (including victims and alleged perpetrators) in sexual violence and sexual harassment, and be confident as to how to access this support
- Be aware that children must have an 'appropriate adult' to support and help them in the case of a police investigation or search

The full responsibilities of the DSL and Deputy are set out in their job description.

## 5.3 The governing board

The governing board will:

- > Facilitate a whole-school approach to safeguarding, ensuring that safeguarding and child protection are at the forefront of, and underpin, all relevant aspects of process and policy development
- > Evaluate and approve this policy at each review, ensuring it complies with the law, and hold the headteacher to account for its implementation
- Be aware of its obligations under the Human Rights Act 1998, the Equality Act 2010 (including the Public Sector Equality Duty), and our school's local multi-agency safeguarding arrangements

- Appoint a Safeguarding Governor to monitor the effectiveness of this policy in conjunction with the full governing board. This is always a different person from the DSL
- Ensure all staff undergo safeguarding and child protection training, including online safety, and that such training is regularly updated and is in line with advice from the safeguarding partners
- > Ensure that the school has appropriate filtering and monitoring systems in place, and review their effectiveness. This includes:
  - Making sure that the leadership team and staff are aware of the provisions in place, and that they
    understand their expectations, roles and responsibilities around filtering and monitoring as part of
    safeguarding training
  - Reviewing the <u>DfE's filtering and monitoring standards</u>, and discussing with IT staff and service providers what needs to be done to support the school in meeting these standards

#### Make sure:

- The DSL has the appropriate status and authority to carry out their job, including additional time, funding, training, resources and support
- Online safety is a running and interrelated theme within the whole-school approach to safeguarding and related policies
- The DSL has lead authority for safeguarding, including online safety and understanding the filtering and monitoring systems and processes in place
- The school has procedures to manage any safeguarding concerns (no matter how small) or allegations that do not meet the harm threshold (low-level concerns) about staff members (including supply staff, volunteers and contractors). Appendix 3 of this policy covers this procedure
- That this policy reflects that children with SEND, or certain medical or physical health conditions, can face additional barriers to any abuse or neglect being recognised
- Where another body is providing services or activities (regardless of whether or not the children who attend these services/activities are children on the school roll):
  - Seek assurance that the other body has appropriate safeguarding and child protection policies/procedures in place, and inspect them if needed
  - Make sure there are arrangements for the body to liaise with the school about safeguarding arrangements, where appropriate
  - Make sure that safeguarding requirements are a condition of using the school premises, and that any
    agreement to use the premises would be terminated if the other body fails to comply

The chair of governors will act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, where appropriate (see appendix 3).

All governors will read Keeping Children Safe in Education in its entirety.

Section 15 of this policy has information on how governors are supported to fulfil their role.

#### 5.4 The headteacher

The headteacher is responsible for the implementation of this policy, including:

- > Ensuring that staff (including temporary staff) and volunteers:
  - Are informed of our systems that support safeguarding, including this policy, as part of their induction
  - Understand and follow the procedures included in this policy, particularly those concerning referrals of cases of suspected abuse and neglect
- > Communicating this policy to parents/carers when their child joins the school and via the school website
- > Ensuring that the DSL has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate (see appendix 3)
- , Making decisions regarding all low-level concerns, though they may wish to collaborate with the DSL on this
- > Ensuring the relevant staffing ratios are met, where applicable
- Making sure each child in the Early Years Foundation Stage is assigned a key person

> Overseeing the safe use of technology, mobile phones and cameras in the setting

#### 5.5 Virtual school heads

Virtual school heads have a non-statutory responsibility for the strategic oversight of the educational attendance, attainment and progress of pupils with a social worker.

They should also identify and engage with key professionals, e.g. DSLs, special educational needs co-ordinators (SENCOs), social workers, mental health leads and others.

# 6. Confidentiality

Explain your school's approach to confidentiality and data protection with respect to safeguarding here, or link to a separate policy that covers this if you have one. Either here or in another policy, you should cover your process and principles for sharing information within your school or trust, and with the 3 safeguarding partners and other agencies as required.

You should note that:

- , Timely information sharing is essential to effective safeguarding
- Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children
- The Data Protection Act (DPA) 2018 and the UK GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe
- If staff need to share 'special category personal data', the DPA 2018 contains 'safeguarding of children and individuals at risk' as a processing condition that allows practitioners to share information without consent if: it is not possible to gain consent; it cannot be reasonably expected that a practitioner gains consent; or if to gain consent would place a child at risk
- Staff should never promise a child that they will not tell anyone about a report of abuse, as this may not be in the child's best interests
- If a victim asks the school not to tell anyone about the sexual violence or sexual harassment:
  - There's no definitive answer, because even if a victim doesn't consent to sharing information, staff may still lawfully share it if there's another legal basis under the UK GDPR that applies
  - The DSL will have to balance the victim's wishes against their duty to protect the victim and other children
  - The DSL should consider that:
    - Parents or carers should normally be informed (unless this would put the victim at greater risk)
    - The basic safeguarding principle is: if a child is at risk of harm, is in immediate danger, or has been harmed, a referral should be made to local authority children's social care
    - Rape, assault by penetration and sexual assault are crimes. Where a report of rape, assault by penetration or sexual assault is made, this should be referred to the police. While the age of criminal responsibility is 10, if the alleged perpetrator is under 10, the starting principle of referring to the police remains
- > Regarding anonymity, all staff will:
  - Be aware of anonymity, witness support and the criminal process in general where an allegation of sexual violence or sexual harassment is progressing through the criminal justice system
  - Do all they reasonably can to protect the anonymity of any children involved in any report of sexual violence or sexual harassment – for example, carefully considering which staff should know about the report, and any support for children involved
  - Consider the potential impact of social media in facilitating the spreading of rumours and exposing victims' identities
- > The government's <u>information sharing advice for safeguarding practitioners</u> includes 7 'golden rules' for sharing information, and will support staff who have to make decisions about sharing information
- , If staff are in any doubt about sharing information, they should speak to the DSL (or deputy)

Confidentiality is also addressed in this policy with respect to record-keeping in section 15, and allegations of abuse against staff in appendix 3

# 7. Recognising abuse and taking action

All staff are expected to be able to identify and recognise all forms of abuse, neglect and exploitation and shall be alert to the potential need for early help for a child who:

- Is disabled
- > Has special educational needs (whether or not they have a statutory education health and care (EHC) plan)
- > Is a young carer
- Is bereaved
- Is showing signs of being drawn into anti-social or criminal behaviour, including being affected by gangs and county lines and organised crime groups and/or serious violence, including knife crime
- > Is frequently missing/goes missing from education, care or home
- Is at risk of modern slavery, trafficking, sexual and/or criminal exploitation
- Is at risk of being radicalised or exploited
- Is viewing problematic and/or inappropriate online content (for example, linked to violence), or developing inappropriate relationships online
- > Is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse
- > Is misusing drugs or alcohol
- > Is suffering from mental ill health
- > Has returned home to their family from care
- Is at risk of so-called 'honour'-based abuse such as female genital mutilation (FGM) or forced marriage
- Is a privately fostered child
- Has a parent or carer in custody or is affected by parental offending
- > Is missing education, or persistently absent from school, or not in receipt of full-time education
- > Has experienced multiple suspensions and is at risk of, or has been permanently excluded

Staff, volunteers and governors must follow the procedures set out below in the event of a safeguarding issue.

Please note – in this and subsequent sections, you should take any references to the DSL to mean "the DSL (or deputy DSL)".

#### 7.1 If a child is suffering or likely to suffer harm, or in immediate danger

Make a referral to local authority children's social care and/or the police **immediately** if you believe a child is suffering or likely to suffer from harm, or is in immediate danger. **Anyone can make a referral.** 

Tell the DSL (see section 5.2) as soon as possible if you make a referral directly.

You can contact Referral and Assessment on 0161 912 5125 (Monday to Friday 8.30 am to 4.30 pm) or 0161 912 2020 (out of hours).

You might also use the following link for reporting child abuse to Trafford:

 $\underline{https://www.trafford.gov.uk/residents/children-and-families/worried-about-a-child/trafford-first-response.aspx}$ 

#### 7.2 If a child makes a disclosure to you

If a child discloses a safeguarding issue to you, you should:

- Listen to and believe them. Allow them time to talk freely and do not ask leading questions
- > Stay calm and do not show that you are shocked or upset
- > Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner
- > Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret

- Write up your conversation as soon as possible in the child's own words. Stick to the facts, and do not put your own judgement on it
- Sign and date the write-up and pass it on to the DSL. Alternatively, if appropriate, make a referral to local authority children's social care and/or the police directly (see 7.1), and tell the DSL as soon as possible that you have done so. Aside from these people, do not disclose the information to anyone else unless told to do so by a relevant authority involved in the safeguarding process

Bear in mind that some children may:

- > Not feel ready, or know how to tell someone that they are being abused, exploited or neglected
- Not recognise their experiences as harmful
- Feel embarrassed, humiliated or threatened. This could be due to their vulnerability, disability, sexual orientation and/or language barriers

None of this should stop you from having a 'professional curiosity' and speaking to the DSL if you have concerns about a child.

#### 7.3 If you discover that FGM has taken place or a pupil is at risk of FGM

Keeping Children Safe in Education explains that FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs".

FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as 'female genital cutting', 'circumcision' or 'initiation'.

Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 4 of this policy.

#### Any teacher who either:

- Is informed by a girl under 18 that an act of FGM has been carried out on her; or
- Observes physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe that the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth

Must immediately report this to the police, personally. This is a mandatory statutory duty, and teachers will face disciplinary sanctions for failing to meet it.

Unless they have been specifically told not to disclose, they should also discuss the case with the DSL and involve local authority children's social care as appropriate.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must speak to the DSL and follow our local safeguarding procedures.

The duty for teachers mentioned above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.

**Any member of staff** who suspects a pupil is *at risk* of FGM or suspects that FGM has been carried out should speak to the DSL and follow our local safeguarding procedures.

- If someone is in immediate danger, contact the police immediately by dialling 999.
- If you're concerned that someone may be at risk, contact the NSPCC helpline on 0800 028 3550 or fgmhelp@nspcc.org.uk.

# 7.4 If you have concerns about a child (as opposed to believing a child is suffering or likely to suffer from harm, or is in immediate danger)

Figure 1 below, before section 7.7, illustrates the procedure to follow if you have any concerns about a child's welfare.

Where possible, speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or take advice from local authority children's social care. You can also seek advice at any time from the NSPCC helpline on 0808 800 5000. Share details of any actions you take with the DSL as soon as practically possible.

Make a referral to local authority children's social care directly, if appropriate (see 'Referral' below). Share any action taken with the DSL as soon as possible.

#### Early help assessment

If an early help assessment is appropriate, the DSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.

We will discuss and agree, with statutory safeguarding partners, levels for the different types of assessment, as part of local arrangements.

The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

The Headteacher, Sally Nunwick, and Sara Sherratt in the school office coordinate referrals to Early Help. https://www.trafford.gov.uk/residents/children-and-families/early-help-and-multi-agency-working.aspx

#### Referral

If it is appropriate to refer the case to local authority children's social care or the police, the DSL will make the referral or support you to do so.

If you make a referral directly (see section 7.1), you must tell the DSL as soon as possible.

The local authority will make a decision within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the local authority if this information is not made available, and ensure outcomes are properly recorded.

If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must follow local escalation procedures to ensure their concerns have been addressed and that the child's situation improves.

https://www.traffordsafeguardingpartnership.org.uk/About-us/Contact-us.aspx

#### 7.5 If you have concerns about extremism

If a child is not suffering or likely to suffer from harm, or in immediate danger, where possible speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or seek advice from local authority children's social care. Make a referral to local authority children's social care directly, if appropriate (see 'Referral' above). Inform the DSL or deputy as soon as practically possible after the referral.

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include the police or <a href="Channel">Channel</a>, the government's programme for identifying and supporting individuals at risk of becoming involved with or supporting terrorism, or the local authority children's social care team.

The DfE also has a dedicated telephone helpline, 020 7340 7264, which school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email <a href="mailto:counter.extremism@education.gov.uk">counter.extremism@education.gov.uk</a>. Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

- > Think someone is in immediate danger
- > Think someone may be planning to travel to join an extremist group
- See or hear something that may be terrorist-related

#### 7.6 If you have a concern about mental health

Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Staff will be alert to behavioural signs that suggest a child may be experiencing a mental health problem or be at risk of developing one.

If you have a mental health concern about a child that is also a safeguarding concern, take immediate action by following the steps in section 7.4.

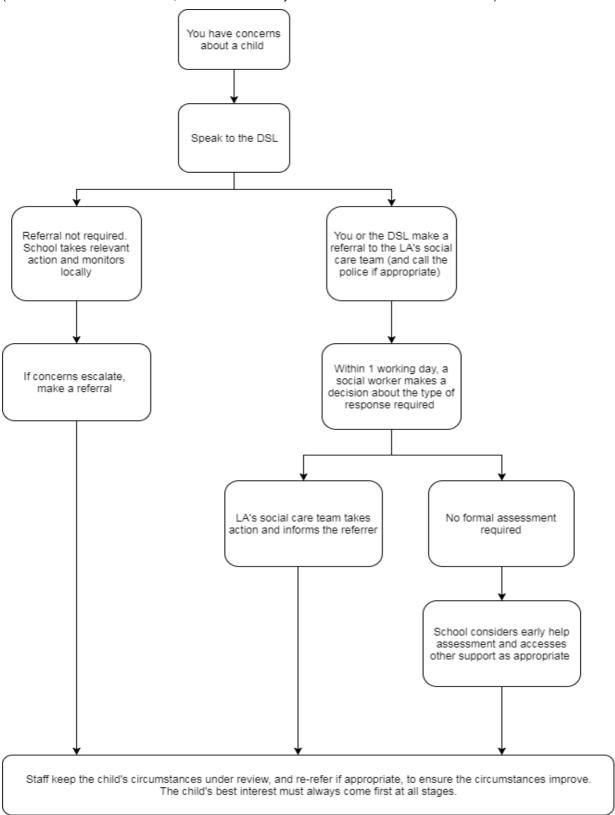

If you have a mental health concern that is **not** also a safeguarding concern, speak to the DSL to agree a course of action.

You will be asked to attend a team around the child meeting with the DSL, one of our ELSAs and the SENCO to discuss the best course of action for the child concerned. The parent/carer will be involved, and signposted to services

including the child's GP. Refer to the Department for Education guidance on <u>mental health and behaviour in schools</u> for more information.

# Figure 1: procedure if you have concerns about a child's welfare (as opposed to believing a child is suffering or likely to suffer from harm, or in immediate danger)

(Note – if the DSL is unavailable, this should not delay action. See section 7.4 for what to do.)

#### 7.7 Concerns about a staff member, supply teacher, volunteer or contractor

If you have concerns about a member of staff (including a supply teacher, volunteer or contractor), or an allegation is made about a member of staff (including a supply teacher, volunteer or contractor) posing a risk of harm to children, speak to the headteacher as soon as possible. If the concerns/allegations are about the headteacher, speak to the chair of governors.

The headteacher/chair of governors will then follow the procedures set out in appendix 3, if appropriate.

The headteacher/proprietor will then follow the procedures set out in appendix 3, if appropriate.

Where you believe there is a conflict of interest in reporting a concern or allegation about a member of staff (including a supply teacher, volunteer or contractor) to the headteacher, report it directly to the local authority designated officer (LADO).

If you receive an allegation relating to an incident where an individual or organisation was using the school premises for running an activity for children, follow our school safeguarding policies and procedures, informing the LADO, as you would with any safeguarding allegation.

Where appropriate, the school will inform Ofsted of the allegation and actions taken, within the necessary timescale (see appendix 3 for more detail).

#### 7.8 Allegations of abuse made against other pupils

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as "banter", "just having a laugh" or "part of growing up", as this can lead to a culture of unacceptable behaviours and an unsafe environment for pupils.

We also recognise the gendered nature of child-on-child abuse. However, all child-on-child abuse is unacceptable and will be taken seriously.

Most cases of pupils hurting other pupils will be dealt with under our school's behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- > Is serious, and potentially a criminal offence
- Could put pupils in the school at risk
- , Is violent
- Involves pupils being forced to use drugs or alcohol
- Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, upskirting or sexually inappropriate pictures or videos (including the sharing of nudes and semi-nudes)

See appendix 4 for more information about child-on-child abuse.

#### Procedures for dealing with allegations of child-on-child abuse

If a pupil makes an allegation of abuse against another pupil:

- > You must record the allegation and tell the DSL, but do not investigate it
- The DSL will contact the local authority children's social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence
- The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed. This will include considering school transport as a potentially vulnerable place for a victim or alleged perpetrator(s)
- The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate

If the incident is a criminal offence and there are delays in the criminal process, the DSL will work closely with the police (and other agencies as required) while protecting children and/or taking any disciplinary measures against the alleged perpetrator. We will ask the police if we have any questions about the investigation.

We use My Concern and our Behaviour Policy/Bullying Policy for recording, investigating and dealing with allegations, and supporting victims, perpetrators and any other children affected.

#### Creating a supportive environment in school and minimising the risk of child-on-child abuse

We recognise the importance of taking proactive action to minimise the risk of child-on-child abuse, and of creating a supportive environment where victims feel confident in reporting incidents.

To achieve this, we will:

- Challenge any form of derogatory or sexualised language or inappropriate behaviour between peers, including requesting or sending sexual images
- Be vigilant to issues that particularly affect different genders for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- > Ensure our curriculum helps to educate pupils about appropriate behaviour and consent
- Ensure pupils are able to easily and confidently report abuse using our reporting systems (as described in section 7.10 below)
- > Ensure staff reassure victims that they are being taken seriously
- Be alert to reports of sexual violence and/or harassment that may point to environmental or systemic problems that could be addressed by updating policies, processes and the curriculum, or could reflect wider issues in the local area that should be shared with safeguarding partners
- > Support children who have witnessed sexual violence, especially rape or assault by penetration. We will do all we can to make sure the victim, alleged perpetrator(s) and any witnesses are not bullied or harassed
- Consider intra-familial harms and any necessary support for siblings following a report of sexual violence and/or harassment
- > Ensure staff are trained to understand:
  - How to recognise the indicators and signs of child-on-child abuse, and know how to identify it and respond to reports
  - That even if there are no reports of child-on-child abuse in school, it does not mean it is not happening
     – staff should maintain an attitude of "it could happen here"
  - That if they have any concerns about a child's welfare, they should act on them immediately rather than wait to be told, and that victims may not always make a direct report. For example:
    - Children can show signs or act in ways they hope adults will notice and react to
    - A friend may make a report
    - A member of staff may overhear a conversation
    - A child's behaviour might indicate that something is wrong
  - That certain children may face additional barriers to telling someone because of their vulnerability, disability, gender, ethnicity and/or sexual orientation
  - That a pupil harming a peer could be a sign that the child is being abused themselves, and that this
    would fall under the scope of this policy
  - The important role they have to play in preventing child-on-child abuse and responding where they believe a child may be at risk from it
  - That they should speak to the DSL if they have any concerns
  - That social media is likely to play a role in the fall-out from any incident or alleged incident, including for potential contact between the victim, alleged perpetrator(s) and friends from either side

The DSL will take the lead role in any disciplining of the alleged perpetrator(s). We will provide support at the same time as taking any disciplinary action.

Disciplinary action can be taken while other investigations are going on, e.g. by the police. The fact that another body is investigating or has investigated an incident doesn't (in itself) prevent our school from coming to its own conclusion about what happened and imposing a penalty accordingly. We will consider these matters on a case-by-case basis, taking into account whether:

- Taking action would prejudice an investigation and/or subsequent prosecution we will liaise with the police and/or local authority children's social care to determine this
- There are circumstances that make it unreasonable or irrational for us to reach our own view about what happened while an independent investigation is ongoing

## 7.9 Sharing of nudes and semi-nudes ('sexting')

#### Your responsibilities when responding to an incident

If you are made aware of an incident involving the consensual or non-consensual sharing of nude or semi-nude images/videos, including pseudo-images, which are computer-generated images that otherwise appear to be a

photograph or video (also known as 'sexting' or 'youth produced sexual imagery'), you must report it to the DSL immediately.

#### You must not:

- View, copy, print, share, store or save the imagery yourself, or ask a pupil to share or download it (if you have already viewed the imagery by accident, you must report this to the DSL)
- > Delete the imagery or ask the pupil to delete it
- Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)
- Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers
- > Say or do anything to blame or shame any young people involved

You should explain that you need to report the incident, and reassure the pupil(s) that they will receive support and help from the DSL.

#### Initial review meeting

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff – this may include the staff member who reported the incident and the safeguarding or leadership team that deals with safeguarding concerns. This meeting will consider the initial evidence and aim to determine:

- Whether there is an immediate risk to pupil(s)
- , If a referral needs to be made to the police and/or children's social care
- If it is necessary to view the image(s) in order to safeguard the young person (in most cases, images or videos should not be viewed)
- , What further information is required to decide on the best response
- > Whether the image(s) has been shared widely and via what services and/or platforms (this may be unknown)
- > Whether immediate action should be taken to delete or remove images or videos from devices or online services
- > Any relevant facts about the pupils involved which would influence risk assessment
- , If there is a need to contact another school, college, setting or individual
- > Whether to contact parents or carers of the pupils involved (in most cases parents/carers should be involved)

The DSL will make an immediate referral to police and/or children's social care if:

- The incident involves an adult. Where an adult poses as a child to groom or exploit a child or young person, the incident may first present as a child-on-child incident. See appendix 4 for more information on assessing adultinvolved incidents
- > There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example, owing to SEN)
- What the DSL knows about the images or videos suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- The imagery involves sexual acts and any pupil in the images or videos is under 13
- The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of nudes and semi-nudes (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the headteacher and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care. The decision will be made and recorded in line with the procedures set out in this policy.

#### Further review by the DSL

If at the initial review stage a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review to establish the facts and assess the risks.

They will hold interviews with the pupils involved (if appropriate).

If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

#### Informing parents/carers

The DSL will inform parents/carers at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

#### Referring to the police

If it is necessary to refer an incident to the police, this will be done through the local neighbourhood police by dialling 101.

#### Recording incidents

All incidents of sharing of nudes and semi-nudes, and the decisions made in responding to them, will be recorded. The record-keeping arrangements set out in section 14 of this policy also apply to recording these incidents.

#### Curriculum coverage

Pupils are taught about the issues surrounding the sharing of nudes and semi-nudes as part of our relationships education, e safety and computing programmes. Teaching covers the following in relation to the sharing of nudes and semi-nudes:

- What it is
- , How it is most likely to be encountered
- The consequences of requesting, forwarding or providing such images, including when it is and is not abusive and when it may be deemed as online sexual harassment
- Issues of legality
- > The risk of damage to people's feelings and reputation

Pupils also learn the strategies and skills needed to manage:

- > Specific requests or pressure to provide (or forward) such images
- , The receipt of such images

This policy on the sharing of nudes and semi-nudes is also shared with pupils so they are aware of the processes the school will follow in the event of an incident.

Teaching follows best practice in delivering safe and effective education, including:

- Putting safeguarding first
- , Approaching from the perspective of the child
- Promoting dialogue and understanding
- Empowering and enabling children and young people
- Never frightening or scare-mongering
- Challenging victim-blaming attitudes

#### 7.10 Reporting systems for our pupils

Where there is a safeguarding concern, we will take the child's wishes and feelings into account when determining what action to take and what services to provide.

We recognise the importance of ensuring pupils feel safe and comfortable to come forward and report any concerns and/or allegations.

To achieve this, we will:

- > Put systems in place for pupils to confidently report abuse
- > Ensure our reporting systems are well promoted, easily understood and easily accessible for pupils
- Make it clear to pupils that their concerns will be taken seriously, and that they can safely express their views and give feedback
  - NB Pupils will often go the adult that they trust the most as the first point of call and staff are trained to explain that they have to speak to the Headteacher (DSL)
- We make pupils aware of the reporting systems and processes, e.g. through discussion in our relationships/PSHE education curriculum, posters and assemblies and reassure pupils that their concerns will be dealt with discreetly and on a need to know basis

# 8. Online safety and the use of mobile technology

We recognise the importance of safeguarding children from potentially harmful and inappropriate online material, and we understand that technology is a significant component in many safeguarding and wellbeing issues.

To address this, our school aims to:

- Have robust processes (including filtering and monitoring systems) in place to ensure the online safety of pupils, staff, volunteers and governors
- > Protect and educate the whole school community in its safe and responsible use of technology, including mobile and smart technology (which we refer to as 'mobile phones')
- Set clear guidelines for the use of mobile phones for the whole school community
- > Establish clear mechanisms to identify, intervene in and escalate any incidents or concerns, where appropriate

#### The 4 key categories of risk

Our approach to online safety is based on addressing the following categories of risk:

- > **Content** being exposed to illegal, inappropriate or harmful content, such as pornography, fake news, racism, misogyny, self-harm, suicide, antisemitism, radicalisation and extremism
- Contact being subjected to harmful online interaction with other users, such as peer-to-peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes
- Conduct personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending
  and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or
  pornography), sharing other explicit images and online bullying; and
- Commerce risks such as online gambling, inappropriate advertising, phishing and/or financial scams

#### To meet our aims and address the risks above, we will:

- > Educate pupils about online safety as part of our curriculum. For example:
  - The safe use of social media, the internet and technology
  - Keeping personal information private
  - How to recognise unacceptable behaviour online
  - How to report any incidents of cyber-bullying, ensuring pupils are encouraged to do so, including where they're a witness rather than a victim
- Train staff, as part of their induction, on safe internet use and online safeguarding issues including cyber-bullying, the risks of online radicalisation, and the expectations, roles and responsibilities around filtering and monitoring.All staff members will receive refresher training as required and at least once each academic year
- Educate parents/carers about online safety via our website, communications sent directly to them and during parents' evenings. We will also share clear procedures with them so they know how to raise concerns about online safety
- Make sure staff are aware of any restrictions placed on them with regards to the use of their mobile phone and cameras, for example that:
  - Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present
  - Staff will not take pictures or recordings of pupils on their personal phones or cameras
- Make all pupils, parents/carers, staff, volunteers and governors aware that they are expected to sign an agreement regarding the acceptable use of the internet in school, use of the school's ICT systems and use of their mobile and smart technology
- > Explain the sanctions we will use if a pupil is in breach of our policies on the acceptable use of the internet and mobile phones
- Make sure all staff, pupils and parents/carers are aware that staff have the power to search pupils' phones, as set out in the DfE's guidance on searching, screening and confiscation
- > Put in place robust filtering and monitoring systems to limit children's exposure to the 4 key categories of risk (described above) from the school's IT systems.
- Carry out an annual review of our approach to online safety, supported by an annual risk assessment that considers and reflects the risks faced by our school community

- > Provide regular safeguarding and children protection updates including online safety to all staff, at least annually, in order to continue to provide them with the relevant skills and knowledge to safeguard effectively
- Review the child protection and safeguarding policy, including online safety, annually and ensure the procedures and implementation are updated and reviewed regularly

This section summarises our approach to online safety and mobile phone use. For full details about our school's policies in these areas, please refer to our online safety policy and mobile phone policies which can be found on our website.

### 8.1 Artificial intelligence (AI)

Generative artificial intelligence (AI) tools are now widespread and easy to access. Staff, pupils and parents/carers may be familiar with generative chatbots such as ChatGPT and Google Bard.

Moss Park Primary School recognises that AI has many uses, including enhancing teaching and learning, and in helping to protect and safeguard pupils. However, AI may also have the potential to facilitate abuse (e.g. bullying and grooming) and/or expose pupils to harmful content. For example, in the form of 'deepfakes', where AI is used to create images, audio or video hoaxes that look real.

Moss Park Primary School will treat any use of AI to access harmful content or bully pupils in line with this policy and our anti-bullying/behaviour policy.

Staff should be aware of the risks of using AI tools whilst they are still being developed and should carry out risk assessments for any new AI tool being used by the school.

# 9. Notifying parents or carers

Where appropriate, we will discuss any concerns about a child with the child's parents or carers. The DSL will normally do this in the event of a suspicion or disclosure.

Other staff will only talk to parents or carers about any such concerns following consultation with the DSL.

If we believe that notifying the parents or carers would increase the risk to the child, we will discuss this with the local authority children's social care team before doing so.

In the case of allegations of abuse made against other children, we will normally notify the parents or carers of all the children involved. We will think carefully about what information we provide about the other child involved, and when. We will work with the police and/or local authority children's social care to make sure our approach to information sharing is consistent.

The DSL will, along with any relevant agencies (this will be decided on a case-by-case basis):

- Meet with the victim's parents or carers, with the victim, to discuss what's being put in place to safeguard them, and understand their wishes in terms of what support they may need and how the report will be progressed
- Meet with the alleged perpetrator's parents or carers to discuss support for them, and what's being put in place that will impact them, e.g. moving them out of classes with the victim, and the reason(s) behind any decision(s)

# 10. Pupils with special educational needs, disabilities or health issues

We recognise that pupils with SEND or certain health conditions can face additional safeguarding challenges. Children with disabilities are more likely to be abused than their peers. Additional barriers can exist when recognising abuse, exploitation and neglect in this group, including:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's condition without further exploration
- > Pupils being more prone to peer group isolation or bullying (including prejudice-based bullying) than other pupils
- > The potential for pupils with SEN, disabilities or certain health conditions being disproportionally impacted by behaviours such as bullying, without outwardly showing any signs
- > Communication barriers and difficulties in managing or reporting these challenges
- Cognitive understanding being unable to understand the difference between fact and fiction in online content and then repeating the content/behaviours in schools or colleges or the consequences of doing so

We offer extra pastoral support for these pupils. This includes:

- Access to our ELSAs (emotional literacy support assistants)
- Lunchtime Library Club places with trained TAs supporting pupils

- Bespoke 1-1 teaching sessions around social stories/scenarios

Any abuse involving pupils with SEND will require close liaison with the DSL (or deputy) and the SENCO.

# 11. Pupils with a social worker

Pupils may need a social worker due to safeguarding or welfare needs. We recognise that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health.

The DSL and all members of staff will work with and support social workers to help protect vulnerable children.

Where we are aware that a pupil has a social worker, the DSL will always consider this fact to ensure any decisions are made in the best interests of the pupil's safety, welfare and educational outcomes. For example, it will inform decisions about:

- > Responding to unauthorised absence or missing education where there are known safeguarding risks
- > The provision of pastoral and/or academic support

# 12. Looked-after and previously looked-after children

We will ensure that staff have the skills, knowledge and understanding to keep looked-after children and previously looked-after children safe. In particular, we will ensure that:

- Appropriate staff have relevant information about children's looked after legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements
- > The DSL has details of children's social workers and relevant virtual school heads

We have appointed a designated teacher, Sally Nunwick, who is responsible for promoting the educational achievement of looked-after children and previously looked-after children in line with <u>statutory guidance</u>.

The designated teacher is appropriately trained and has the relevant qualifications and experience to perform the role.

As part of their role, the designated teacher will:

- Work closely with the DSL to ensure that any safeguarding concerns regarding looked-after and previously looked-after children are quickly and effectively responded to
- Work with virtual school heads to promote the educational achievement of looked-after and previously looked-after children, including discussing how pupil premium plus funding can be best used to support looked-after children and meet the needs identified in their personal education plans
- Work with virtual school heads to promote the educational achievement of looked-after and previously looked-after children

# 13. Pupils who are lesbian, gay, bisexual or gender questioning

The section of KCSIE 2024 on gender questioning children remains under review, pending the outcome of the gender questioning children guidance consultation, and final gender questioning guidance documents being published.

We recognise that pupils who are (or who are perceived to be) lesbian, gay, bisexual or gender questioning (LGBTQ+) can be targeted by other children. See our Bullying policy for more detail on how we prevent bullying based on gender or sexuality.

We also recognise that LGBTQ+ children are more likely to experience poor mental health. Any concerns should be reported to the DSL. We support pupils with:

- Access to our ELSAs (emotional literacy support assistants)
- Lunchtime Library Club places with trained TAs supporting pupils
- Bespoke 1-1 teaching sessions around social stories/scenarios

When families/carers are making decisions about support for gender questioning pupils, they should be encouraged to seek clinical help and advice. This should be done as early as possible when supporting pre-pubertal children.

When supporting a gender questioning pupil, we will take a cautious approach as there are still unknowns around the impact of social transition, and a pupil may have wider vulnerability, such as complex mental health and psychosocial needs, and in some cases, autism spectrum disorder (ASD) and/or attention deficit hyperactivity disorder (ADHD).

We will also consider the broad range of their individual needs, in partnership with their parents/carers (other than in rare circumstances where involving parents/carers would constitute a significant risk of harm to the pupil). We will also include any clinical advice that is available and consider how to address wider vulnerabilities such as the risk of bullying.

Risks can be compounded where children lack trusted adults with whom they can be open. We therefore aim to reduce the additional barriers faced and create a culture where pupils can speak out or share their concerns with members of staff.

# 14. Complaints and concerns about school safeguarding policies

## 14.1 Complaints against staff

Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff (see appendix 3).

#### 14.2 Other complaints

Our Complaints Policy is available on the school website and via the school office.

#### 14.3 Whistle-blowing

All staff are given a copy of the Whistleblowing Policy and this forms part of the safeguarding training package.

# 15. Record-keeping

We will hold records in line with our records retention schedule.

All safeguarding concerns, discussions, decisions made and the rationale for those decisions, must be recorded in writing. This should include instances where referrals were or were not made to another agency such as local authority children's social care or the Prevent programme, etc. If you are in any doubt about whether to record something, discuss it with the DSL.

#### Records will include:

- A clear and comprehensive summary of the concern
- > Details of how the concern was followed up and resolved
- , A note of any action taken, decisions reached and the outcome

Concerns and referrals will be kept in a separate child protection file for each child.

Any non-confidential records will be readily accessible and available. Confidential information and records will be held securely and only available to those who have a right or professional need to see them.

Safeguarding records relating to individual children will be retained for a reasonable period of time after they have left the school.

If a child for whom the school has, or has had, safeguarding concerns moves to another school, the DSL will ensure that their child protection file is forwarded as soon as possible, securely, and separately from the main pupil file.

To allow the new school/college to have support in place when the child arrives, this should be within:

- > 5 days for an in-year transfer, or within
- , The first 5 days of the start of a new term

In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information to enable them to have time to make any necessary preparations to ensure the safety of the child.

- Our electronic records are redacted then downloaded to ensure that pupils/staff are not identified
- > Records are held on the secure server
- Records are taken in person to the receiving named person in a sealed envelope and the receiver must sign the confidential transfer form

# 16. Training

#### 16.1 All staff

All staff members will undertake safeguarding and child protection training at induction, including on whistle-blowing procedures and online safety, to ensure they understand the school's safeguarding systems and their responsibilities, and can identify signs of possible abuse, exploitation or neglect.

This training will be regularly updated and will:

- > Be integrated, aligned and considered as part of the whole-school safeguarding approach and wider staff training, and curriculum planning
- > Be in line with advice from the 3 safeguarding partners
- Include online safety, including an understanding of the expectations, roles and responsibilities for staff around filtering and monitoring
- , Have regard to the Teachers' Standards to support the expectation that all teachers:
  - Manage behaviour effectively to ensure a good and safe environment
  - Have a clear understanding of the needs of all pupils

All staff will have training on the government's anti-radicalisation strategy, Prevent, to enable them to identify children at risk of becoming involved with or supporting terrorism, and to challenge extremist ideas.

Staff will also receive regular safeguarding and child protection updates, including on online safety, as required but at least annually (for example, through emails, e-bulletins and staff meetings).

Contractors who are provided through a private finance initiative (PFI) or similar contract will also receive safeguarding training.

Volunteers will receive appropriate training, if applicable.

#### 16.2 The DSL and Deputies

The DSL and deputies will undertake child protection and safeguarding training at least every 2 years.

In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments).

They, or any other designated Prevent lead, will also undertake more in-depth Prevent awareness training, including on extremist and terrorist ideologies.

#### 16.3 Governors

All governors receive training about safeguarding and child protection (including online safety) at induction, which is regularly updated. This is to make sure that they:

- Have the knowledge and information needed to perform their functions and understand their responsibilities, such as providing strategic challenge
- > Can be assured that safeguarding policies and procedures are effective and support the school to deliver a robust whole-school approach to safeguarding

As the chair of governors may be required to act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, they receive training in managing allegations for this purpose.

#### 16.4 Recruitment – interview panels

At least 1 person conducting any interview for any post at the school will have undertaken safer recruitment training. This will cover, as a minimum, the contents of Keeping Children Safe in Education, and will be in line with local safeguarding procedures.

See our Safer Recruitment policy for more information about our safer recruitment procedures.

#### 16.5 Staff who have contact with pupils and families

All staff who have contact with children and families will have supervisions which will provide them with support, coaching and training, promote the interests of children and allow for confidential discussions of sensitive issues.

# 17. Monitoring arrangements

This policy will be reviewed **annually** by Sally Nunwick (DSL/Headteacher). At every review, it will be approved by the full governing board.

# 18. Links with other policies

This policy links to the following policies and procedures:

- , Acceptable Use
- Attendance
- Behaviour
- Bullying
- Complaints
- Curriculum
- Designated teacher for looked-after and previously looked-after children
- . Equality
- First aid
- , Health and safety
- > Low Level Concerns
- Managing Allegations
- Mobile phone and devices
- Online safety
- Privacy notices
- , Relationships education
- Safer Recruitment
- Staff code of conduct
- Whistleblowing

# Appendix 1 Glossary

Term	Meaning
A Child	A person who has not yet reached their 18 <sup>th</sup> birthday.
Abuse	A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.
Bullying & Cyberbullying	Behaviour that is:     repeated     intended to hurt someone either physically or emotionally     often aimed at certain groups, for example because of race, religion, gender or sexual orientation
Child abuse linked to faith or belief (CALFB)	Child abuse linked to faith or belief (CALFB) can happen in families when there is a concept of belief in:  • Witchcraft and spirit possession, demons or the devil acting through children or leading them astray (traditionally seen in some Christian beliefs)  • The evil eye or djinns (traditionally known in some Islamic faith contexts) and dakini (in the Hindu context)  • Ritual or multi murders where the killing of children is believed to bring supernatural benefits, or the use of their body parts is believed to produce potent magical remedies  • Use of belief in magic or witchcraft to create fear in children to make them more compliant when they are being trafficked for domestic slavery or sexual exploitation. This is not an exhaustive list and there will be other examples where children have been harmed when adults think that their actions have brought bad fortune.
Child on Child Abuse	Children can abuse other children (often referred to as child on child abuse) and it can take many forms. It can happen both inside and outside of school/college and online. It is important that all staff recognise the indicators and signs of child on child abuse and know how to identify it and respond to reports. This can include (but is not limited to):  • bullying (including cyberbullying, prejudice-based and discriminatory bullying)  • abuse in intimate personal relationships between children (sometimes known as 'teenage relationship abuse')  • physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse)  • sexual violence, such as rape, assault by penetration and sexual assault; (this may include an online element which facilitates, threatens and/or encourages sexual violence)  sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse  • causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party  • consensual and non-consensual sharing of nude and semi-nude images and/or videos11 (also known as sexting or youth produced sexual imagery)  • upskirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress, or alarm, and  • initiation/hazing type violence and rituals (this could include activities involving

Term	Meaning
	harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element).
Child Protection	Activity that is undertaken to protect specific children who are suffering, or are likely to suffer, significant harm.
Child sexual exploitation	Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.
Children with Special Educational Needs and/or disabilities	SEN - a child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for him or her. Disability - a physical or mental impairment which has a long-term and substantial adverse effect on their ability to carry out normal day-to-day activities.
Contextual Safeguarding	Contextual Safeguarding is an approach to understanding, and responding to, young people's experiences of significant harm beyond their families. It recognises that the different relationships that young people form in their neighbourhoods, schools and online can feature violence and abuse.
County Lines	County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs using dedicated mobile phone lines or other form of "deal line". This activity can happen locally as well as across the UK - no specified distance of travel is required. Children and vulnerable adults are exploited to move, store and sell drugs and money. Offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims.
Criminal Exploitation	Involves young people under the age of 18 in exploitative situations, relationships or contexts, where they may be manipulated or coerced into committing crime on behalf of an individual or gang in return for gifts, these may include: friendship or peer acceptance, but also cigarettes, drugs, alcohol or even food and accommodation.
Domestic Abuse	<ol> <li>Domestic abuse, or domestic violence, is defined across Government as "any incident, or pattern of incidents, of controlling, coercive or threatening behaviour, violence or abuse between those aged 16 and over who are or have been intimate partners or family members, regardless of gender and sexuality.</li> <li>This can encompass, but is not limited to, the following types of abuse:         <ul> <li>Psychological</li> <li>Physical</li> <li>Sexual</li> <li>Financial</li> <li>Emotional</li> <li>Harassment and Stalking</li> <li>Controlling behaviour</li> <li>Coercive control</li> <li>1. Controlling behaviour is: a range of acts designed to make a person subordinate and/ or dependent by isolating them from sources of support, exploiting their resources and capacities for personal gain, depriving them of them of the means needed for independence, resistance and escape and regulating their everyday behaviour.</li> <li>Coercive behaviour is: an act or a pattern of acts of assault, threats humiliation and intimidation or other abuse that is used to harms, punish, or frighten their victim. This includes issues of concern to</li> </ul> </li> </ol>

Term	Meaning
	black and minority ethnic (BAME) communities such as so-called 'honour based' violence, female genital mutilation (FGM) and forced marriage, and is clear that victims are not confined to on gender or ethnic group
Early Help	Early help means providing support as soon as a problem emerges, at any point in a child's life, from the foundation years through to the teenage years. Early help can also prevent further problems arising.
Emotional Abuse	The persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person.  It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.
Female Genital Mutilation (FGM)	Female genital mutilation (FGM) is a procedure where the female genitals are deliberately cut, injured or changed, but where there's no medical reason for this to be done.
Gangs & Youth Violence	Defining a gang is difficult, They tend to fall into three categories; peer groups, street gangs and organised crime groups. It can be common for groups of children and young people to gather together in public places to socialise, and although some peer group gatherings can lead to increased antisocial behaviour and low level youth offending, these activities should not be confused with the serious violence of a Street Gang.  A Street Gang can be described as a relatively durable, predominantly street-based group of children who see themselves (and are seen by others) as a discernible group for whom crime and violence is integral to the group's identity.  An organised criminal group is a group of individuals normally led by adults for whom involvement in crime is for personal gain (financial or otherwise).
Hate	Hostility or prejudice based on one of the following things:      disability     race     religion     transgender identity     sexual orientation.
Honour-based violence	Honour based violence is a violent crime or incident which may have been committed to protect or defend the honour of the family or community.
Consensual and non- consensual sharing of nude/semi-nude images	Taking, making, sharing and possessing indecent images and pseudo-photographs of people under 18 is illegal.  A pseudo-photograph is an image made by computer-graphics or otherwise which appears to be a photograph.  This can include:
	• photos

Term	Meaning
	<ul> <li>videos</li> <li>tracings and derivatives of a photograph</li> <li>data that can be converted into a photograph</li> <li>'indecent' is not defined in legislation but can include penetrative and non-penetrative sexual activity</li> <li>'making' can include opening, accessing, downloading and storing online content</li> <li>'sharing' includes sending on an email, offering on a file sharing platform, uploading to a site that other people have access to, and possessing with a view to distribute</li> </ul>
Incel	Incel is a shortened version of involuntary celibate ( <u>Hall</u> , 2019), The term involuntary celibate was seen as a person who "had not had sex for some time, despite trying". The term manosphere is used to describe a network of online communities which are male dominated and promote anti-feminist, sexist beliefs and seek to blame women for problems within society
Mental Health	Negative experiences and distressing life events can affect mental health in a way that can bring about changes in a young person's behaviour or emotional state, displayed in a range of different ways, all of which can be an indication of an underlying problem. This can include:  • Emotional state (fearful, withdrawn, low self-esteem)  • Behaviour (aggressive or oppositional; habitual body rocking)  • Interpersonal behaviours (indiscriminate contact or affection seeking, over-friendliness or excessive clinginess; demonstrating excessively 'good' behaviour to prevent disapproval; failing to seek or accept appropriate comfort or affection from an appropriate person when significantly distressed; coercive controlling behaviour; or lack of ability to understand and recognise emotions).
Modern Slavery	Modern slavery encompasses human trafficking and slavery, servitude and forced or compulsory labour. Exploitation can take many forms, including: sexual exploitation, forced labour, slavery, servitude, forced criminality and the removal of organs.
Neglect	Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:  • Protect a child from physical and emotional harm or danger.  • Ensure adequate supervision (including the use of inadequate care-givers).  • Ensure access to appropriate medical care or treatment.  • It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.
Operation Encompass	Operation Encompass operates in all police forces across England. It helps police and schools work together to provide emotional and practical help to children. The system ensures that when police are called to an incident of domestic abuse, where there are children in the household who have experienced the domestic incident, the police will inform the key adult (usually the designated safeguarding lead) in school before the child or children arrive at school the following day. This ensures that the school has up to date relevant information about the child's circumstances and can enable immediate support to be put in place, according to the child's needs. Operation Encompass does not replace statutory safeguarding procedures. Where appropriate, the police and/or schools should make a referral to children's social care if they are concerned about a child's welfare. More information about the scheme and how schools can become involved is available on the Operation Encompass website
Physical Abuse	A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child.

Term	Meaning
	Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
Private Fostering	A private fostering arrangement is one that is made privately (without the involvement of a local authority) for the care of a child under the age of 16 years (under 18, if disabled) by someone other than a parent or close relative, in their own home, with the intention that it should last for 28 days or more. (Close family relative is defined as a 'grandparent, brother, sister, uncle or aunt' and includes half-siblings and step-parents; it does not include great-aunts or uncles, great grandparents or cousins.)
	Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism leading to terrorism.
Radicalisation & Extremism	Extremism is vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.
Relationship Abuse	Teen relationship abuse consists of the same patterns of coercive and controlling behaviour as domestic abuse. These patterns might include some or all of the following: sexual abuse, physical abuse, financial abuse, emotional abuse and psychological abuse.
Safeguarding and promoting the welfare of children	<ul> <li>protecting children from maltreatment;</li> <li>preventing impairment of children's health or development;</li> <li>ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and</li> <li>taking action to enable all children to have the best outcomes.</li> </ul>
Serious Violence	The word 'gang' means different things in different contexts, the government in their paper 'Safeguarding children and young people who may be affected by gang activity' distinguishes between peer groups, street gangs and organised criminal gangs.  • Peer group  A relatively small and transient social grouping which may or may not describe themselves as a gang depending on the context.  • Street gang  "Groups of young people who see themselves (and are seen by others) as a discernible group for whom crime and violence is integral to the group's identity."  • Organised criminal gangs  "A group of individuals for whom involvement in crime is for personal gain (financial or otherwise). For most crime is their 'occupation."  It's not illegal for a young person to be in a gang – there are different types of 'gang' and not every 'gang' is criminal or dangerous. However, gang membership can be linked to illegal activity, particularly organised criminal gangs involved in trafficking, drug dealing and violent crime.
Sexual Abuse	Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males.

Term	Meaning
	Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education and <b>all</b> staff should be aware of it and of their school or college's policy and procedures for dealing with it.
Sexual harassment between children	When referring to sexual harassment we mean 'unwanted conduct of a sexual nature' that can occur online and offline. Sexual harassment is likely to: violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment, and can include: sexual comments, sexual jokes or taunting, online sexual harassment or physical behaviour such as deliberately brushing against someone.
Sexual violence between children	When referring to sexual violence we are referring to sexual offences under the Sexual Offences Act 2003. Sexual violence offences include: rape, assault by penetration and sexual assault.
Trafficking	Trafficking in persons shall mean the recruitment, transportation, transfer, harbouring or receipt of persons, by means of the threat or use of force or other forms of coercion, of abduction, of fraud, of deception, of abuse of power or of a position of vulnerability or of the giving or receiving of payments or benefits to achieve the consent of a person having control of another person, for the purpose of exploitation. Exploitation shall include, at a minimum, the exploitation of the prostitution of others or other forms of sexual exploitation, forced labour or services, slavery or practices similar to slavery, servitude or removal of organs.
